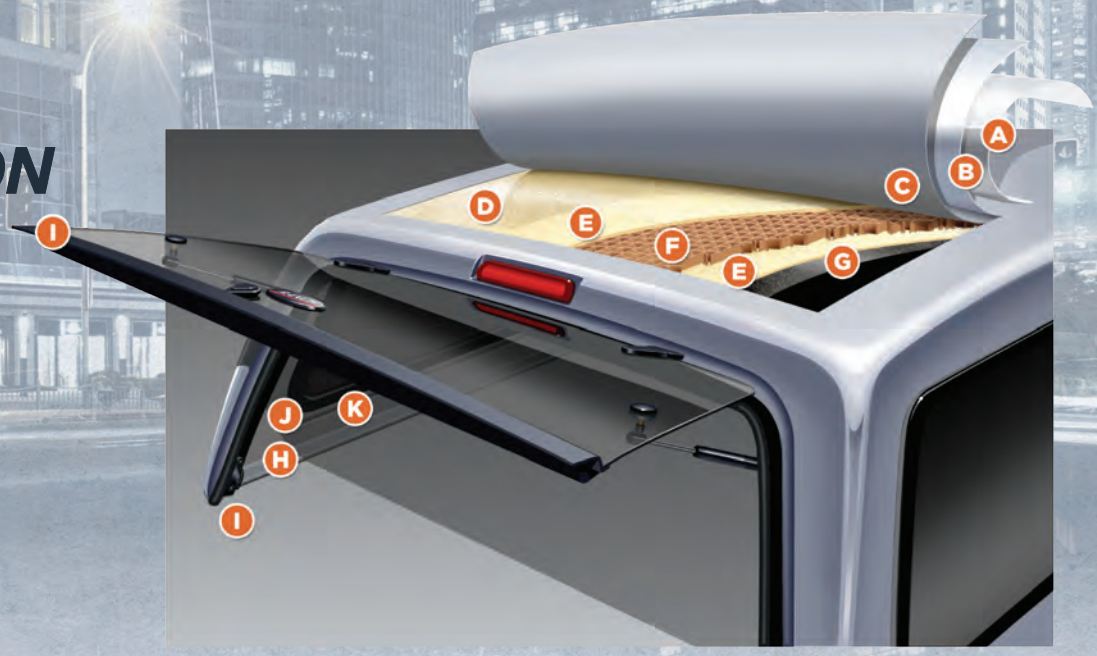
CAP CONSTRUCTION

It seems most of our customers are investing in a truck cap or lid because they are looking to enhance the STYLE of their truck, improve the SEAL, or add SECURITY.

With our focus on Style, Seal, and Security combined with a solid structure, you'll see why Ranch is the perfect fit for you.



A. Axalta Low Haps Clear Coat
- Environmentally Friendly
- Gloss Finish

B. Axalta Automotive Base Coat Paint
- High Tech Paint Booth
- Great Look and Finish

C. GEL Coat
- Sandable Paintable Surface

D. PreSpray Layer of Ranch's Custom Resin Matrix
- The Right Mixture for Strength and Appearance

E. Fiberglass Chop with Ranch's Custom Resin Matrix
- Extremely Strong Fiberglass Approx. 156 mills thick

F. Tri-Cel Honeycomb Reinforced Roof
- Increases Strength of Roof 10X

G. Post Spray Low Fill Resin with Ti02 Whitener
- Strong/Smooth/White Interior

H. Solid Fiberglass Base Rail
- Fiberglassed to Cap, Not Glued
- Extremely Strong

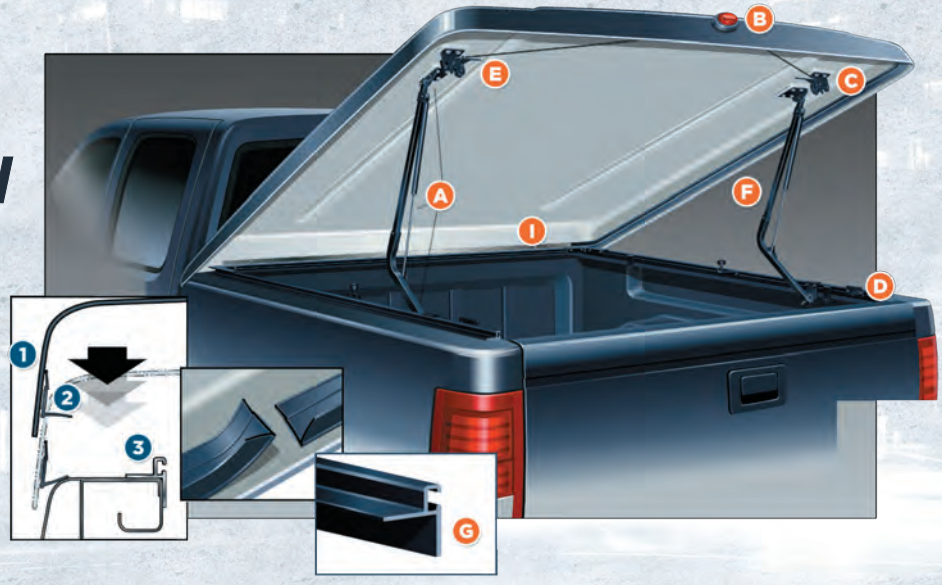
I. Black Powder Coated Hardware
- Prevents Corrosion and Rust

J. U-Glaze Window with foam Seal
- Better Compression on Seals
- Long Lasting Shape and Conforming

K. Drain Channel with Weep Hole
- Designed to drain any water trapped by frame

LID CONSTRUCTION

Fiberglass construction is identical to A-G outlined on the Cap Construction Diagram



TRIPLE SEAL SYSTEM

1. **Fiberglass "Wrap Over" Edges**
   - Water must come up to get in Trimless "automotive style" edge
2. **Rubber "L" Style Weather Seal**
   - Seal from fiberglass wrap to truck bed
3. **Aluminum "T" Frame**
   - Acts as an interior gutter

L. Black Powder Coated Hardware
- Prevents Corrosion and Rust

M. Standard Logo Lock
- "Easy-push style" lock that is durable and simple to use
- Painted Base to match your lid

N. Rotary Latches
- 1200lb Tested and Secured to aluminum plate molded into the lid

O. "D" Ring Brackets (for rotaries)
- Limits Side to Side motion at the rear of the lid

P. Steel Cables and Crimps
- Strong non-stretch steel cables Crimped ends prevent cables from coming out of adjustment

Q. Easy Lift Assisted Gas Struts
- Relieves unnecessary pressure on props and hinges
- Makes the lid easier to open and close

R. "T" Frame with Slide Track
- Stronger than flat or sectional frames
- Easy sliding adjustments for hardware and clamps in track

S. Front Piano Hinge
- Eliminates unnecessary motion or looseness at the front of the lid
- Extremely strong, long lasting bond between the frame and the lid
